

BITTERMENS SPIRITS

Citron Sauvage

Pronunciation	Citron sau-vahj (The Wild Citrus)
Flavor Profile	Bitter and Sour Grapefruit and Gentian
Production Process	Maceration of herbs, spices and citrus peel in neutral grain spirit, sweetened with sugar
Primary Ingredients	Organic Grapefruit, Rhubarb, Beets, Chamomile & Saffron
Federal Classification	Liqueur/Cordial
Product Size	375 mL 12 bottles/case
ABV	16%
Description	Something completely new. This liqueur has approximately the same acidity and sweetness as ruby red grapefruit juice. This means it can be used in applications where you would normally use a citrus liqueur (like Triple Sec) or applications where you would normally use citrus juice.
Pairings	Tequila, gin, rum, vodka, soda water
Classic Cocktails	In place of juice: Collins, Hemingway Daiquiri, Paloma In place of liqueur: Margarita
EAN-13	0608866961901
Notes	We drink a tremendous amount of this just neat, on the rocks or with a splash of soda water. It's naturally cloudy, so don't be afraid to give it a shake before service!

All Bittermens Sprits are produced by Bittermens staff at Mazza Chautauqua Cellars in Mayville, NY (near Erie, PA).

Bittermens Spirits contain no glycerin, artificial colors, artificial flavors or propylene glycol. They are sweetened with cane sugar.

Bittermens sources primarily organic or wild harvested botanicals for use in its products.
